\*Manhchego- Made in Spain from the milk of the Manchego sheep. Formed in a woven grass mold, this cheese has a sweet and lingering butterscotch flavor with notes of hay and grass.

\*Stripey Jack- This cheese was created at the behest of a young Jack Carefoot: the fifth-generation of the Singleton family. Jack suggested that his grandfather combine his favorite five cheeses: Cheddar, Lancashire, Double Gloucester, Red Leicester and Wensleydale.
